Purpose

The mission of Live Oak Apartments is to provide safe and permanent housing for households experiencing homelessness or who are at-risk of homelessness. This project strives to provide a runway to re-stabilization and independence through strong support services tailored to the needs of each resident household.

Procedure

The established pet and companion or assistance animal rules ensure the community is maintained in a decent, safe and sanitary manner and that all residents are allowed to live in peace and quiet comfort.

All animals, including companion or assistance animals, must be approved and registered before the potential resident is allowed to move-in.
