

Animals at Live Oak

We have established both pet and companion or assistance animal rules to ensure our community is safe and sanitary for all residents.

Please review these attached documents:

- Pet Rules
- Assistance Animal Rules

All animals, including companion or assistance animals, must be approved and registered before a resident is allowed to move-in.

Attached are the forms and procedures required to register an animal to live at Live Oak:

Pets

- Veterinarian Certification – completed by the animal’s veterinarian
- County pet license (dogs only) – submit proof of purchase

Assistance Animals (ESA)

- Reasonable Accommodation form
- County pet license (dogs only) – submit proof of purchase

If your animal does not meet pet policy guidelines and you have questions, please contact Heather Criss, Program Administrator: CrissH@mendocinocounty.gov.

These documents are also available on our website at:
